🎓 Education

Bachelor's degree

09/2020 - 06/2024

Muhammad Al-Khwarizmi Tashkent University of Information Technologies

Urgench,

Urgench Branch

Uzbekistan

Direction: Software Engineering

Completed

03/2023 - 12/2023

Mohirdev online education platform

Online

Course: .NET Practicum

🧠 Skills

.NET / C#

● ● ● ● ●

ASP.NET Core, Web API, LINQ, async/await

Entity Framework

● ● ● ● ●

Code First, Migrations, LINQ, Lazy Loading

SQL

● ● ● ● ●

T-SQL, Stored Procedures, Joins, Indexing

REST APIs

● ● ● ● ●

Versioning, Authentication, Status codes

Authentication

● ● ● ● ●

JWT, Cookie Auth, ASP.NET Identity

Blazor

● ● ● ● ●

Components, Routing, Cascading Parameters

Git

● ● ● ● ●

GitHub, Branching, Merge, Rebase

CI/CD

● ● ● ● ●

GitHub Actions, Render.com deploy pipeline

Unit Testing

● ● ● ● ●

xUnit, Moq, Test-driven development (TDD)

Docker

● ● ● ● ●

Dockerfile, Containers, Images (basic level)

📁 Professional Experience

Amusoft

04/2022 - 09/2022

Backend Developer

Urgench,

Uzbekistan

A1 Tech Group

03/2023 - 07/2023

Backend Developer / Internship

Urgench,

Uzbekistan

Self Employed

07/2023

Backend Developer (.NET)

Remote / Freelance

Projects

Sheenam

This is The-Standard compliant API that allows you and your family find comfortable home

MyPortfolio

Full-stack portfolio site using .NET 8 and Blazor.

MyStore

A web application for performing CRUD operations with ASP.NET  Core and SQL Server. This project demonstrates connecting to a SQL Server database using Entity Framework Core, as well as performing create, read, update, and delete (CRUD) operations on products.

Blazor-Book-Hub

Blazor-powered online book hub with PDF reading, admin features, and category management.

JobPortal

Job Portal – ASP.NET  Core Web API for a job marketplace where employers can post jobs, job seekers can apply with resumes, and admins manage users and statistics. Features JWT authentication, role-based authorization, file uploads, and search/filter functionality.
